Notice of Data Breach

Dear Michael:

This notice is to inform you of a security incident that may have impacted your personal information held by II-VI, Incorporated ("II-VI"). II-VI takes this incident extremely seriously. This notice explains what occurred and provides information on steps that you can take to protect your information.

What Happened?

On November 19, 2020, II-VI discovered a security incident involving unauthorized access to a II-VI employee email account from which a phishing email was sent that included a link to a page where recipients were requested to enter their II-VI account credentials. While II-VI promptly detected and blocked access to the link from its network, a limited number of recipients responded to the phishing email before II-VI blocked the fraudulent link, which may have exposed their credentials to the bad actor. This incident may have resulted in unauthorized access to certain data and files.

What Information Was Involved?

The incident may have exposed your name, home address, date of birth, II-VI employee number, and Social Security number.

What We Are Doing.

Your personal information is of paramount importance to II-VI. Upon discovery of the incident, II-VI promptly blocked access to the fraudulent link, secured the impacted email accounts, and required relevant employees to reset their network passwords. II-VI continues to monitor for any further suspicious activity. In addition to the investigation II-VI is conducting, II-VI has also engaged an expert cybersecurity firm to conduct a forensic investigation of the incident. II-VI continues to evaluate the incident and will take steps as appropriate to further protect II-VI from security incidents.

In addition, II-VI is providing impacted individuals with a 12-month subscription to Equifax ID Patrol®, at no charge. Please see below for more information and enrollment instructions for Equifax ID Patrol®.
